

Project Destiny is the annual fundraising endeavor of the South Texas Assemblies of God Women's Ministries Department. All funds raised go to deserving ministries here in the United States and around the world.

The District Women's Ministries Department has set as a goal for 2010-2011 :

**\$130,000.00**

We ask that every church set a goal amount as their part of the District goal. Everyone will have one year to work on raising these funds. The goal is announced each year at the Women's Ministries Convention in March. At the convention the next year the totals are announced and the money is given away to the ministries.

# Project DESTINY
