

Project Destiny is the annual fundraising endeavor of the South Texas Assemblies of God Women's Ministries Department. All funds raised go to deserving ministries here in the United States and around the world.

The District Women's Ministries Department has set as a goal for 2011-2012

\$130,000

We ask that every church set a "goal amount" as their part of the District goal. Everyone will have one year to work raising these funds. The crowning moment is when we all unite the following year and give these funds to our missionaries at the Women's Ministries Convention in March.

Project DESTINY
